Attachments: 1 Instrument of Appointment and Authorisation

Declarations of Interest:

Adam McSwain - as the responsible officer, I declare that I have no disclosable interests in this matter.

Summary

Many of the functions and powers of Council staff stem from their appointment as Authorised Officers. Awais Sadiq has recently been appointed as a Planning Officer within the planning team and requires Council approval to be an Authorised Officer.

Discussion

Council's Chief Executive Officer has the power to authorise various members of Council staff under the instrument of delegation issued by Council. However, advice from Council's solicitors recommends the Appointment of Planning Officers as Authorised Officers by Council under section 147(4) of the *Planning and Environment Act 1987*.

As a result, this report seeks Council approval for Awais Sadiq to be appointed as an Authorised Officer.

Awais commenced in Council's planning team on Wednesday, 2 November 2016. Awais has a planning qualification and previous experience working as a planner in Local Government.

- 1 Valuation data fees of \$91K had been forecast to be received last year and Food Premises and Public Health registrations of \$107K have been raised but had not been forecast to be received until November.
- 2 User fees at the Pioneer Settlement were \$108K below budget mainly due to the Heartbeat show cancellations. Administration fees for the packaged care program were \$57K below forecast due to delays in consortium members returns.
- 3 Grants for the Roadside Weeds and Pests (\$75K) and L2P program (\$48K) and been forecast to be received over the year but have been paid in full. Council received \$25K for Engaging Audiences at the Art Gallery grant which had not been forecast.
- 4 Council's Roads to Recovery funding has been reduced by \$1M in 2016/17 and deferred to 2017/18.
- 5 Grants for the Swan Hill Riverfront Masterplan (\$1.1M) had been forecast to be received throughout the year. No funds have been received to date.
- 6 Contributions towards the next stage of the Tower Hill Development had been budgeted to be received in 2016/17 but were received last year.
- 7 As at 31 March 2016 Council had accrued \$59K of interest income in addition to the \$51K already received.
- 8 Tower Hill land sales are \$120K greater than forecast.
- 9 Significant savings have been made in Council's workcover premiums, and to date this cost is \$250K below forecast. \$200K of this saving will be transferred to a reserve to stabilise future premiums. A number of vacant positions will result in savings over the year and \$125K of design and supervision charges which had been forecast for capital works projects are yet to be realised.
- 10 The majority of this variance relates to the payment of Aged Care Packaged costs to members of the Consortium. The year to date variance of \$760K is due to the changes in claims processes for the use of services. This has resulted in payments to member Councils being deferred. Other significant variances are for development costs at Tower Hill (\$164K), Waste management contractor payments (\$133K) and Grants and Contributions (\$93K). These are timing issues.
- 11 Council's interest only loans have accrued \$61K in interest costs. The next installments are due in November and December.
- 12 The forecast had allowed for significant capital works projects such as Tower Hill Stage 9 (\$375K), Riverfront enhancement trail (\$342K) and Catalina Park Activation (\$427K) to have begun. To date there are only minimal expenses incurred.

**B.16.139 ALAN GARDEN NETBALL & SWAN HILL SOCCER CLUB
LIGHTING PROJECT**

Responsible Officer: Director Infrastructure
File Number: S15-06-03
Attachments: Nil

Declarations of Interest:

Oliver McNulty - as the responsible officer, I declare that I have no disclosable interests in this matter.

Summary

This report seeks to inform Council of the projected shortfall in funding for the Alan Garden Reserve and Ken Harrison Soccer Fields' lighting projects. The report also requests that Council approve the transfer of \$135,000 in funding from the Art Gallery Extension - Design Project into these projects to enable the lighting works to proceed.

Discussion

Both the Alan Garden Reserve project and the Ken Harrison Soccer field project were developed in consultation with user groups in 2014. Each of these projects was scoped to include lighting to enable the community better use of the facilities in the evenings. Council officers discussed the proposed scope with local contractors and electricians in 2014, and from these discussion budget estimates were developed.

Council allocated \$308,055 for the implementation of those two projects over two consecutive financial years, being 2015-16 & 2016-17. This included contributions from the sports reserves user groups and also from state funding as summarised in Table 1 below, current funding allocation.

In 2016 these projects proceeded to detailed design. At this stage it was decided that due to the similarity between the two projects, it would be more economic to deliver the two projects through one tender.

The elements that were reviewed as part of detailed design include:

- Project scope
- Compliance with the Community Sporting Facility Guideline, Design & Costing
- Cost estimates taking into account current construction rates
- A review of the project in line with recently implemented lighting project at the Swan Hill Show ground (lessons learnt)

Through this review it was identified that not having full detailed designs and specifications from a lighting consultant was a major risk for this project.

SECTION B - REPORTS

15 November 2016

Council appointed a consultant and detailed designs were completed for each location. This process identified an anticipated shortfall in funding for the project. The detailed designs anticipated that the project would cost in the region of approx \$420,000 with a projected shortfall of approx \$135,000.

Project Status

Detailed designs and specifications are completed for this project. All documentation is in place to enable Council to proceed to tender for the project subject to identifying additional funding. Council has received 90% of the grant funding allocation. Remaining grant funds will be received upon acquittal of the project.

	Budgeted	Funding		Expenditure to Date	Expected Actual Cost	Shortfall

		Remaining funding balance \$284,355				

Table 1- Current Funding Allocation

Expenses to date:

The remaining available funding for these projects is \$284,355. The specialist lighting consultants have estimated that this project will cost in the region of \$417,761. This is an anticipated funding shortfall of \$133,406 across the two projects.

Funding option:

Council allocated \$165,000 towards the initial design of the upgrade of the Swan Hill Art Gallery in 2016/17. This project will not commence in 2016/17 as it has been identified that this project should not proceed until the completion of the Riverfront Commercial Development Strategy. This strategy is due to commence and may identify alternate solutions to the proposed works at the Gallery.

Council can consider funding for the proposed works to the Art Gallery as part of their review of the 10 Year Major Projects plan which will be undertaken as part of the development of the 2017/18 budget.

Consultation

All user groups involved in the project have been consulted by Council's Community Planning staff. Internal consultation has taken place between Councils Economic and Community Development Team and the Engineering team to ensure the project meets the funding requirements.

Financial Implications

Council can reallocate funding identified for the redevelopment of the Swan Hill gallery towards these community projects. This will ensure that the identified monies are spent in 2016/17. The upgrade of the lighting will provide efficiencies for Council due to the reduced maintenance cost of the proposed new lighting and electrical boards.

Social Implications

Completion of the project will encourage the community to use this facility throughout the year, promoting the health and well being for all users.

Economic Implications

Options

1. Do not approve the reallocation of budget from the Gallery project. (*This is not the recommended option*)
2. Approve the reallocation of funding from the gallery project towards the lighting project (*This is the recommended option*)

Recommendations
