Vision Statement

Built on strong foundations that embrace our rich History and natural environment, our region will be a place of progressions and possibility. We are a community that is happy, healthy and harmonious - we are empowered, we are respectful and we are proud.

Our Mission

We will lead, advocate, partner and provide efficient services and opportunities for growth and the wellbeing of our community, environment and economy.

Our Values

Council values our residents and community and will be responsive to their needs. In pursuing our objectives, we believe in, and are committed to, the following values:

Community engagement - We will ensure that our communities are consulted, listened to and informed.

Leadership - We will be at the centre of our community and by actively engaging our community we will form the collective view on strategic issues and will then express our views through strong advocacy and action.

Fairness - We will value and embrace the diversity of our community and ensure that all people are treated equally.

Accountability- We will be transparent and efficient in our activities and we will always value feedback.

Trust - We will act with integrity and earn the community's trust by being a reliable partner in delivering services, projects and providing facilities.

File Number: S15-06-18
Purpose: Information Only

Council Plan Strategy Addressed

4. Leadership - We will ensure accountable leadership, advocacy and transparent decision making.

4.1 Excellent management and administration

4.1.3 Sound, sustainable:

- Financial management • Excellence in service delivery • Strategic planning

Current Strategic Documents

Budget

Declarations of Interest

Council Officers affirm that no general or material conflicts need to be declared in relation to the subject of this report.

Summary

The purpose of this report is to enable Council to receive and hear submissions for the Proposed 2024-25 Annual Budget.

At the close of the submission period 4 submissions were received. No submitters requested to speak to their submission.

Discussion

Council advertised for submissions to its Proposed 2024-25 Annual Budget beginning Friday 19 April 2024. Notification of the Draft Budget was provided on Council's website and social media. It was advertised in the Swan Hill Guardian on 19 April 2024, the Robinvale Sentinel on 25 April 2024 and online through Let's Talk, Council's community engagement platform. Submissions were invited from 19 April 2024 to 17 May 2024.

The Statutory period for making submissions has now passed. As required under the Local Government Act 1989. Council must now formally receive, hear and then consider all submissions. Consideration of submissions will occur at a Special Council Meeting to be held on Tuesday 04 June 2024.

At the close of the submission period, 4 submissions were received. No submitters requested to speak to their submission.

Summary of Submission 1

The submitter questions the link between the Draft Budget and the Council Plan objective of reducing health impacts of climate change. A further question was asked as to how much Council spend on tree planting, how many trees this provides and whether Council has a plan as to where and why.

Summary of Submission 2

The submitter expressed their concern over people leaving the municipality and moving into gated communities and that Lake Boga could be an option for such a development.

Summary of Submission 3

The submitter wished to be advised as to the allocation of the \$1.2M surplus from the 2022-23 year.

Summary of Submission 4

The submitter raises some concerns regarding, increased Council cash contributions for capital works, operating and cost efficiencies, the rate cap increase, dependence on grant funding, solar panels on the Swan Hill Leisure Centre, services provided by private entities; and capital works project suitability and management.

Consultation

The submission process is part of the consultation process for the budget.

Financial Implications

The hearing of submissions has no financial implications.

Social Implications

The hearing of submissions allows for community participation in Councillor decision making leading to improved social outcomes.

Economic Implications

The hearing of submissions has no economic implications.

Environmental Implications

The hearing of submissions has no environmental implications.

Risk Management Implications

The hearing of submissions has no risk management implications.

Attachments: 1. Budget Submissions 17 May 24 [2.1.1 - 5 pages]

Options

1. After considering the submissions Council can choose to adopt or amend the 2024-25 Annual Budget.

Recommendation/s

That Council:

1. Receive and hear submissions to the Proposed 2024-25 Annual Budget.
2. Prepare responses to the submissions and table at an Unscheduled Meeting of Council for consideration on 04 June 2024.

Let's talk

There seems to be quite a gap between the Council Plan priority areas and the allocations within the budget. While the Plan prioritises things like reducing health impacts of climate change, there are no real budget areas addressing this priority area (eg there could be strategies like Council offering rebates for upgrading home's energy efficiency/insulation/sealing, installing split systems, installation of solar and batteries, increasing urban tree canopy to reduce urban heat island effect etc) as we know that exposure to extreme weather (hot/cold) is a major cause of ill health related to climate change.

If the main limitation for people to uptake these measures is upfront costs, then council could help residents meet these costs so that they can efficiently heat and cool their homes without it costing a fortune, and at the same time will contribute to our local economic development, reduce emissions, reduce ongoing costs for households and businesses.

How much money is allocated for tree planting? What percentage of this is for planting trees in urban areas? Have you got a plan on where these trees are planted and why?
How many trees planted will this allowance fund?

Please explain why the Plan priority areas and the Budget do not align? What are you doing to reduce health impacts of climate change?

Before I can submit my reply,I want to know what happened to the \$1.2 million plus surplus that the council found in the 2022-2023 budget ,as per the Guardian 16 January 2024..I am sure all ratepayers and residents would want to know. Also the shire assets,if they are not financial then they should be disposed of.Ratepayers dollars are better spent elsewhere.

Comments

I am writing to express my concerns regarding specific aspects of the proposed 2024/25 budget for the Swan Hill Rural City Council. These concerns centre on the prudent management of public funds, the role of government in economic activities, and the council's financial commitments in capital projects.

1. Increased Council Cash Contribution to Capital Works:
The proposed budget reveals a considerable increase in council cash funding for capital projects, rising to \$28,313k. This upsurge in government spending warrants a thorough examination to ensure that funds are used efficiently and that alternative financing through private investments or partnerships is considered to alleviate the financial burden on our community.

2. Operating Expenditure and Cost Efficiency:
Although there is a decrease in the operating expenditure to \$59,742k, the amount remains significant. I recommend an exhaustive review of these expenditures to pinpoint potential reductions, thereby streamlining operations to focus solely on essential services and reducing overhead costs.

3. Rate Increases:
The proposed rate increase of 2.75% presents an additional burden to residents. I advocate for a strategy that avoids rate increases by identifying and eliminating non-essential expenses, thereby sparing residents further financial strain.

4. Dependence on Unpredictable Grant Funding:
The noticeable reduction in grants for capital works exposes the risk of relying on such unstable sources. I suggest the council formulates a plan to achieve greater financial independence, which could include fostering environments that attract more stable investment options.

5. Solar Panel Installation at Leisure Centre:
The budget allocates funds for solar panels at a leisure centre operated by a private company. It is concerning that public money is used to subsidise operational costs for a private entity, potentially providing them with cheaper electricity at the expense of the taxpayer. This raises the question of why residents should finance energy savings for a business from which they may not directly benefit. Therefore, I urge the council to reconsider this allocation and evaluate the direct benefits to the community.

6. Scope of Government-Funded Projects:
The expansive range of community services and projects funded by the council could benefit from a critical evaluation to determine if these services could be more effectively managed by private entities or community organisations.

7. Specific Concerns on Capital Works Programme Management:
The minimal increase in the capital works programme, detailed at \$35,180k, necessitates rigorous scrutiny, particularly in project selection and budget adherence. Given the historical challenges associated with public sector project overruns, it is crucial to implement strong oversight mechanisms. Transparent project evaluation criteria should be adopted, including cost-benefit analyses, to ensure that only projects with clear, tangible benefits to the community are approved.

I trust that these concerns will be taken into consideration to ensure that our community resources are managed wisely and that the council's activities align closely with the direct needs and benefits of the residents of Swan Hill.

Thank you for considering these points. I look forward to seeing strategic adjustments that reflect careful stewardship of taxpayer funds and a thoughtful approach to community service provision.

2.2 Amendment of Section 173 Agreement - 13 River Oaks Dr SH

Directorate: Development and Planning
File Number: .
Purpose: For Decision

EXECUTIVE SUMMARY

Application Number:	N/A
Proposal:	Amend a Section 173 Agreement
Applicant's Name:	M & J Witney
Address:	13 River Oaks Drive Swan Hill
Land Size:	4006m ²
Zoning:	Low Density Residential Zone (Schedule)
Overlays:	Specific Controls Overly (Schedule 1)

Declarations of Interest:

Council Officers affirm that no general or material conflicts need to be declared in relation to the subject of this report.

Recommendation/s

That Council provides “in-principle” support to amend the Section 173 Agreement for the land known as Lot 5, PS430924, 13 River Oaks Drive, Swan Hill in accordance with Section 178A of the Planning and Environment Act 1987.

Please see the options at the end of the report.

Summary

The applicant is seeking to amend the Section 173 Agreement registered on the title of the subject land. The Planning & Environment Act 1987 allows this to occur, and the process requires Council to provide “in principle” support as the first step.

As the Agreement is signed and sealed by Council, it is necessary that Council, not a delegate provide this approval.

Discussion

The subject site is located on the east side of River Oaks Drive, approximately 35m north-east of its intersection with Squire Grove. The site is irregular in shape having an area of 4006 square metres. It comprises an existing dwelling with associated outbuilding. The site is flat comprising vegetation within the front setback of the buildings. Surrounding area to the immediate north, south and west is zoned Low Density Residential comprising similar sized allotments having single dwelling with associated outbuildings. The eastern boundary of the site abuts Crown Land and Murray River which is zoned Public Conservation and Resource comprising native vegetation.

The applicant is seeking to amend the Section 173 Agreement registered on the title of the subject land. The amendment is required for the installation of a swimming pool which will encroach within the setbacks required under the Agreement. The inground swimming pool will be located adjacent to the existing dwelling to the east. The proposed swimming pool will have a setback of 18.090m from the north-eastern boundary and 30.30m from the eastern boundary.

The agreement was registered on the title in 2000 as a planning permit condition for a multi lot subdivision. The agreement contains covenants that any buildings and works to be constructed on the land must maintain a setback of 20m from the north-eastern Crown land boundary and 40m from the eastern Crown land boundary.

The Section 173 Agreement was required by Council at the time of the subdivision, at the request of the Department of Natural Resources and Environment now Department of Energy, Environment and Climate Action (DEECA) to maintain adequate buffers from the crown land and to create 100m from top of bank on the Little Murray River (comprising a 60m frontage and the 40m setback on the freehold land) to meet the requirements of the then Environment Protection Authority (EPA) septic code, and to reduce the amenity impacts of the subdivision on the public land estate.

Section 178A of the Planning and Environment Act 1987 requires Council to notify the owner of the subject land as to whether it agrees in principle to a proposal to amend or end a Section 173 Agreement. This is the first step in processing such an application. If consent is given the next step is to give notice to all other parties to the agreement, following the standard planning advertising giving them 14 days to comment. It is recommended that Council should support the amendment of the agreement due to the following reasons:

- Change in the setback will continue to follow existing established character without impacting the Crown Land.
- Proposed setbacks for the swimming pool will continue to provide adequate setbacks from the Crown Land.
- Department of Energy, Environment and Climate Action (DEECA) being party to the Agreement have consented to the amendment.
- The applicant has provided consent from the adjoining landowners to support the proposal.

Consultation:

The applicant has consulted with Department of Energy, Environment and Climate Action (formerly DELWP) who have consented to the amendment. If approved, letter of the in-principle support to amend the Section 173 Agreement will be sent to the applicant.

Notice of the amendment to the agreement will be given, following the usual planning process, and it must be given to all other landowners that are party to the agreement as a minimum.

Financial Implications:

All legal costs are borne by the applicant.

Social Implications:

Not applicable.

Economic Implications:

Not applicable.

Environmental Implications:

Any impacts will be assessed as part of the application process.

Risk Management Implications:

Council is following a legislative process, and this minimises risk.

Conclusion:

Council should provide in-principle support to amend the Section 173 agreement to allow a swimming pool to be sited within the designated area.

THIS AGREEMENT is made the _____ day of _____ Two thousand pursuant to Division 2 of Part 9 of the Planning and Environment Act 1987 ("the Act")

BETWEEN the Council and the Owner as described in the attached Schedule.

RECITALS

- A The Owner is registered or entitled to be registered as the proprietor of the Land as described in the schedule attached;
- B The Land is regulated by the Scheme;
- C The Council is the relevant responsible authority under the Scheme and enters into this Agreement pursuant to Section 173 of the Act;

OPERATIVE PART

Definitions and Interpretations

- 1. The words and expressions listed in the schedule shall have the meanings there described. In this agreement words importing the singular or plural number shall include the plural or singular number respectively and words importing the masculine gender shall include the feminine and neuter genders;
- 2. This Agreement is made pursuant to Division 2 of Part 9 of the Act;
- 3. In this Agreement a reference to an Act of Parliament or Section thereof or any Regulation shall be deemed to include any statutory modification or re-enactment thereof;
- 4. In this Agreement where the Owner constitutes more than one person, the obligations on the part of the Owner shall be deemed to be joint and several;

5. Covenants

The Owner's obligations in this agreement are intended to take effect as covenants which shall be annexed to and run at law and in equity with the land and every part of it, and bind the Owner and the successors, assignees, transferees and registered proprietor or proprietors for the time being of the land and every part thereof.

6. Registration

The Owner shall do all things necessary and expedient to enable the Council to register this Agreement with the Registrar of Titles against the title to the land pursuant to Section 181 of the Act. The Council shall request the Registrar of Titles to withdraw registration of this Agreement from such title upon the termination of the Agreement or the Owner's obligations hereunder being satisfied and fulfilled.

7. Commencement

This Agreement commences upon the Commencement Date and ends when agreed between the Owner and the Council or otherwise as provided in the Act.

Plan of Subdivision means Plan of Subdivision number PS430924X.

Levee Bank easement means the easement shown as Flood Protection purposes on Plan of Subdivision number PS430924X.

Owner Covenants

The Owner warrants and covenants:

- 10.1 That the Owner is the registered proprietor or entitled to become the registered

- 10.2 proprietor of the land and the beneficial owner thereof;
- 10.3 That there are no mortgages, liens, charges or other encumbrances or leases or any rights inherent in any person other than the owner affecting the land not disclosed by the usual searches or notified to the Council;
- 10.4 No part of the land is subject to any rights obtained by adverse possession or subject to any easements or rights described or referred to in Section 42 of the Transfer of Land Act;
- 10.5 The Owner shall not sell, transfer, dispose of, assign, mortgage or otherwise part with the possession of the land or any part thereof without first disclosing to any intended Purchaser, transferee, assignee or mortgagee the existence and nature of this Agreement.

11. **Notices**

Any notice, consent, offer, demand, request or other instrument required or authorised to be given or served upon either party to this Agreement shall be in the English language and in writing and may be given by telex, telegram facsimile transmission, cable, post or hand to that party delivered to the last or most usual address of that party known to the party giving such notice. Any instrument given or served by telex, telegram, facsimile transmission or cable shall be deemed to have been received on the date following the day of its dispatch. Any instrument having been given or served by post to an address in the same State in which it is posted shall be deemed to have been received on the third day following the day of posting. Any instrument given or served by hand shall be served at the time of delivery.

12. **Costs**

The owner shall pay all stamp duty applicable to this Agreement and the legal costs of the Council of and incidental to this Agreement including costs and fees for registration of a copy of this Agreement against the title/s to the land pursuant to Section 181 of the Act, and any costs and expenses incurred by the Council by reason of any default of the owner under this Agreement.

13. **Consent of Mortgagee**

If the land is affected by a mortgage at the time of execution of this Agreement or prior to the registration of notice of this Agreement against the title to the land, the owner must ensure that the mortgagee endorses on this Agreement its consent to the Agreement being made and being registered at the Land Titles Office prior to lodgement at the Titles Office of Plan of Subdivision number PS430924X.

WHEREAS

- 14 (a) The Owner has applied to the Council as the Responsible Authority under the Swan Hill Rural City Council Planning Scheme for a Planning Permit to subdivide the land and the Council has granted Permit number 99/206 as amended by Council on the 29th May 2000, a copy of which is attached hereto (hereinafter called "the Permit")
- (b) The Council determined to grant Permit number 99/206 as amended to subdivide the land in accordance with the endorsed plan and subject to various conditions including the following conditions which provided as follows:-
- "15. The Swan Hill Rural City Council requires the following, pursuant to the Planning and Environment Act 1987, and that the owner agrees:-
 - (a) That the owner enter into an agreement with the Responsible Authority under Section 173(2).
 - (b) As per Section 174(1), that the agreement be under seal and must bind the owner to the following covenant which also must be specified in the agreements:-
 - (i) Any boundary fence over the levee bank shall have a gate provided on

the top of the levee such gate to remain unlocked to allow the ingress and egress of The Responsible Authorities employees to carry out inspections and maintenance works.

- (ii) No vegetation shall be planted within 10 metres of the toe of the levee.
- (iii) No building or structure shall be constructed within 10 metres of the toe of the levee.
- (iv) To pay forthwith upon demand the municipality's proper costs and expenses (including legal expenses) of and incidental to-
 - * preparation and processing of the agreement documents;
 - * the said registration of this agreement.

(c) That the Responsible Authority carry out the matters for Registration of Agreement on title as per section 181(1-5).

- 24. Prior to the issue of a Statement of Compliance, the owner of the land shall;
 - 24.1 enter into an agreement pursuant to Section 173 of the Planning and Environment Act 1987, with the Responsible Authority, and in a form satisfactory to both the Responsible Authority and the Department of Natural Resources and Environment (DNRE), which provides for a twenty (20) metre building setback from the north eastern Crown - freehold boundary and for a forty (40) metre building setback from the eastern Crown - freehold boundary for all Lots abutting Crown Allotment 1F, Section A, Parish of Castle Donnington.
 - 24.2 pay for the costs of preparing the Section 173 agreement and to do all things necessary for the registration of the S173 agreement on title as per Section 181 (1-5)."
- (d) The Council and the Owner have agreed that without restricting or limiting their respective powers to enter into this agreement and insofar as it can be so treated this agreement shall be treated as being an Agreement under Section 173 of the Planning and Environment Act 1987.
- (e) The Owner intends to lodge a Plan of Subdivision for approval in accordance with the provisions of the Permits.

NOW THIS AGREEMENT WITNESSES AS FOLLOWS:-

Covenants to the Council

- i) The Owner covenants and agrees to comply with, carry out and observe the conditions of the Permit.
- ii) The Owner further covenants and agrees that :-
 - a) Any boundary fence over the levee bank shall have a gate provided on the top of the levee Bank and such gate shall remain unlocked to allow the ingress and egress of the Responsible Authority's employees and its authorised officers and agents to carry out inspections and maintenance works.
 - b) The Owner covenants and agrees that he shall prohibit planting of trees, shrubs or any form of vegetation on the levee bank easement or within ten metres of the toe of the levee bank.
 - c) The Owner covenants and agrees that he shall prohibit the construction of any building or structure within ten metres of the toe of the levee bank or on the levee bank easement.
 - d) The owner agrees and covenants that there shall be a twenty metre building setback from the north eastern Crown Land Reserve freehold boundary and a forty metre building setback from the eastern Crown Reserve freehold boundary, for all lots abutting Crown Allotment 1F, Section A, Parish of Castle Donnington.
 - e) That the Owner will pay forthwith upon demand the Responsible Authority's proper costs and expenses (including legal expenses and disbursements) of and incidental to
 - * preparation and processing of the agreement documents;
 - * the said registration of this agreement.
-) The Responsible Authority carry out the matters for Registration of the Agreement on title as per Section 181 (1-5).

PLANNING PERMIT

PERMIT NO. 99/206
Planning Scheme: Swan Hill Planning Scheme
Responsible Authority: Swan Hill Rural City Council

ADDRESS OF THE LAND: Lot 2, LP 113013, Parish of Castle Donnington Harrods Lane, Swan Hill

THIS PERMIT ALLOWS: 37 Lot Rural Residential Subdivision

- THE FOLLOWING CONDITIONS APPLY TO THIS PERMIT:**
1. Before the use and/or development starts, amended plans to the satisfaction of the Responsible Authority must be submitted to and approved by the Responsible Authority. When approved, the plans will be endorsed and will then form part of the permit. The plans must be drawn to scale with dimensions and two copies must be provided. The plans must be generally in accordance with the plan submitted (Tomkinson Ref. 8332), but modified to show:
 - 1.1 a stormwater management plan to the proposed development (including details of a nutrient stripping facility and design, construction and management details of the outfall structure);
 - 1.2 easements shown for the purposes of drainage, levee, carriageway and all other services (levee easement width shall be from the toe to toe of the levee and in favour of Council);
 - 1.3 a drainage easement to service all properties to the low point (drainage easements shall be in favour of Council);
 - 1.4 dimensions and areas of any public open space reserves.
 2. The plan of subdivision submitted for certification must be referred to the relevant authority Lower Murray Water, Goulburn Murray Water, Dept. Natural Resources & Environment, North Central Catchment Management Authority, Powercor Australia and Telstra (or other licensed telecommunications carrier, whichever is appropriate) in accordance with Section 8 of the Subdivision Act.
 3. The applicant must provide to Lower Murray Water, Goulburn Murray Water, Dept. Natural Resources & Environment, North Central Catchment Management Authority, Powercor Australia and Telstra (or other licensed telecommunications carrier, whichever is appropriate) a copy of the version of the plan of subdivision submitted for certification which shows any amendments which have been required

PERMIT NO. 99/206

Planning Scheme: Swan Hill Planning Scheme.

Responsible Authority: Swan Hill Rural City Council

ADDRESS OF THE LAND: Lot 2, LP 113013, Parish of Castle Donnington.
Harrods Lane, Swan Hill

THIS PERMIT ALLOWS: 37 Lot Rural Residential Subdivision

THE FOLLOWING CONDITIONS APPLY TO THIS PERMIT:

- 4. The applicant must provide a copy of the final certified plan of the subdivision with Lower Murray Water, Goulburn Murray Water, Dept. Natural Resources & Environment, North Central Catchment Management Authority, Powercor Australia and Telstra (or other licensed telecommunications carrier, whichever is appropriate).
- 5. Each of the 37 lots proposed to be created shall be created with legal access to a road reservation with vehicle crossings to the approval of the Responsible Authority.
- 6. The discharge of any concentrated drainage or sillage onto any Road reserve shall not be permitted unless approved in writing by the Responsible Authority.
- 7. Road and drainage to comply with Council requirements. (See attached Policy Documents for "Construction of Residential Streets" and "Design Criteria For Stormwater Drainage in 'Rural Residential' Subdivisions").
- 8. Prior to Certification of the Plan of Subdivision and the commencement of any works on the subject land, detailed engineering design plans with specifications are to be submitted to the Responsible Authority for approval. Such plans shall be drawn accurately to scale and show design details of all works required under the Planning Scheme and/or permit conditions. The design and construction shall meet the following minimum standards:-
 - a) The road reserve width shall be a minimum of 20 metres to the satisfaction of Council's Technical Support Manager.
 - b) A shoulder width of minimum 1.5 metres on both sides of the road shall be provided to the satisfaction of Council's Technical Support Manager.
 - c) A sealed road of minimum 6.0 metres shall be provided to the satisfaction of Council's Technical Support Manager.
 - d) The table drain shall have a minimum depth of 300 mm below the edge of the seal level to the satisfaction of Council's Technical Support Manager.

Planning Scheme: Swan Hill Planning Scheme

Responsible Authority: Swan Hill Rural City Council

ADDRESS OF THE LAND: Lot 2, LP 113013, Parish of Castle Donnington
Harrods Lane, Swan Hill

THIS PERMIT ALLOWS: 37 Lot Rural Residential Subdivision

THE FOLLOWING CONDITIONS APPLY TO THIS PERMIT:

- 9. That a contribution in cash of amount equal to one twentieth of the site value of the land be paid to Council in respect of places of resort and recreation. This payment shall be made prior to the issue of Statement of Compliance and may be adjusted in accordance with Section 19 of the Subdivision Act 1988.
- 10. Prior to the issue of a Statement of Compliance, all drainage works necessary to serve the land within the proposed subdivision and any other lands within the drainage catchment of the subject land as determined by the Technical Support manager, shall be carried out and completed to the satisfaction of the Responsible Authority.
- 11. Prior to the issue of a Statement of Compliance the applicant shall give to the Council an amount equal to 5% of the actual cost of the engineering works as cash security or bank guarantee in lieu of cash to cover the six months maintenance period and enter into a maintenance agreement so that in the event of any maintenance works not being completed by the due date the Council may proceed with the works and deduct the cost from the security lodged.
- 12. All blocks to be fully serviced with utility services (including reticulated sewerage) prior to issue of Statement of Compliance for Subdivision.
- 13. No planting of trees or shrubs shall be permitted on the levee or within mature tree canopy cover from the toe of the levee.
- 14. Any future dwelling to be constructed is to be at least 300 millimetres above the 1% flood level, until such time the entire Swan Hill Levee is completed and becomes a registered levee with the North Central Catchment Management Authority, Dept. Natural Resources & Environment and Swan Hill Rural City Council.

(Via Email)

ADVICE

**: INSTALLATION OF A SWIMMING POOL (VARIATION TO A SECTION 173 AGREEMENT)
13 RIVER OAKS DRIVE, SWAN HILL.**

Thank you for your email requesting advice on varying a Section 173 agreement on your property for the purpose of installing an inground swimming pool.

I provide this response under delegation from the Secretary to the Department of Energy, Environment and Climate Action (as constituted under Part 2 of the *Conservation, Forests and Lands Act 1987*), as successor to the Department of Natural Resources and Environment.

Comments/Issues

The property formally referred to as Lot 5 on Plan of Subdivision 430924 is subject to a Section 173 Agreement under the Planning and Environment Act 1987 placed on by Swan Hill Rural City Council at time of subdivision, at the request of the then Department of Natural Resources and Environment.

The purpose of the setback outlined in the agreement was to create 100m from top of bank on the Little Murray River (comprising a 60m frontage and the 40m setback on the freehold land) in order to meet the requirements of the then EPA septic code, and to reduce the amenity impacts of the subdivision on the public land estate.

The proposal you have put to the department is to install an inground swimming pool adjacent to the existing dwelling. This will encroach into the setback by approximately 6.5 metres.

Given the nature of the proposal, the department has considered the impacts on the objectives sought by the required setback, and has determined that there is no material detriment to these objectives in allowing the proposal to progress.

Response

DEECA consents to a variation of the Section 173 Agreement to allow the construction of an inground swimming pool within the setback area subject to the following conditions:

1. All buildings and works associated with the installation of the pool must be greater than 28 metres from the rear boundary of Lot 5, Plan of Subdivision 430924.
2. All fencing must be constructed in a muted colour to reduce visual amenity impacts.
3. Drainage water from the pool is not to flow in any of the depressions or the stormwater system that drains towards the Little Murray River. Drainage water from the pool should be used on the garden on the subject land or held in storage for disposal off-site at an appropriate location to the satisfaction of the Responsible Authority. If a salt treatment system is used in the pool, drainage water is to be contained and disposed of at an appropriate location offsite.

Any personal information about you or a third party in your correspondence will be protected under the provisions of the *Privacy and Data Protection Act 2014*. It will only be used or disclosed to appropriate Ministerial, Statutory Authority, or departmental staff in regard to the purpose for which it was provided, unless required or authorized by law. Enquiries about access to information about you held by the Department should be directed to foi.unit@delwp.vic.gov.au or FOI Unit, Department of Energy, Environment and Climate Change, PO Box 500, East Melbourne, Victoria 8002.
