#### Process to adopt the budget

Council received and heard submissions at a Special Council Meeting on Tuesday, 28 May. Four submissions were received. Council considered whether to amend or adopt the budget at a Special Meeting on Tuesday, 4 June.

The meeting to adopt the budget will be the Ordinary Council Meeting on Tuesday, 18 June.

## **Mayor and CEO introduction**

We are pleased to present the 2024/25 budget to the Swan Hill Rural City community.

Our current budget follows a busy year of projects including the completion of the Robinvale Leisure Centre and Splash Park, the Robinvale Skate Park, the Swan Hill River Viewing Platform and Boardwalk, street lighting upgrades, ongoing sealed road renewal works and footpath replacements and much more.

It also follows disruptions caused by the high river and flooding events in 2023 that created additional response and maintenance, right across the municipality.

This year's budget is committed to maintaining services through efficiency and strong financial management, while also providing a positive capital works program that we are proud of.

Our 2024/25 budget plans for a rate rise of 2.75%, which is significantly less than the Consumer Price Index (CPI) and other costing indexes, and we will continue our focus of striving for efficient, high-quality services and facilities for our community, as well as delivering a superior capital works program.

This budget plans for a number of projects set to be delivered across our municipality, in partnership with the State and Federal government.

Our 2024/25 budget contains a \$35.18M allocation for a number of exciting projects, right across our municipality, including:

- Pental Island Pioneer Settlement Pedestrian Bridge upgrade
- Art Gallery redevelopment
- Cultural and Tourism Hub development
- Compost Facility Establishment stage 2
- Empower Youth Initiative
- Nyah Cricket Practice and Community Event Space
- Robinvale Drainage works stage 2
- Tower Hill stage 16
- Swan Hill Showgrounds Regional Hub
- Sealed Roads renewal works
- Unsealed Roads renewal works
- Karinie Street reconstruction
- Renewal works to community buildings
- Continued funding for Swan Hill Riverfront Masterplan projects
- and much more.

We encouraged residents to read our draft budget thoroughly and sought feedback from the community, regarding the draft budget.

All comments were received by 4pm Friday 17 May 2024.

Feedback on the draft budget was received online by visiting https://letstalk.swanhill.vic.gov.au/ or by writing to: Chief Executive Officer, Swan Hill Rural City Council, PO Box 488, Swan Hill VIC 3585.

A special Council Meeting was scheduled for Tuesday, 28 May to hear and consider submissions.

Four submissions were received, Council considered whether to amend or adopt the budget at a Special Council Meeting on Tuesday, 4 June.

The meeting to adopt the budget will be the Ordinary Council Meeting on Tuesday, 18 June.

We look forward to continuing to deliver vital services for our communities, working alongside them, during the next 12 months.

Councillor Stuart King Mayor

Scott Barber Chief Executive Officer

## 1. Link to the Council Plan

This section describes how the Annual Budget links to the achievement of the Council Plan within an overall planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term, medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

## 1.1 Legislative planning and accountability framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria. At each stage of the integrated planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Department of Environment, Land, Water and Planning

The timing of each component of the integrated planning and reporting framework is critical to the successful achievement of the planned outcomes.

## 1.1.2 Key planning considerations

#### Service level planning

Although councils have a legal obligation to provide some services - such as animal management, local roads, food safety and statutory planning - most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore, councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

## 1.2 Our purpose

#### Our vision

Built on strong foundations that embrace our rich history and natural environment, our region will be a place of progression and possibility, we are a community that is happy, healthy & harmonious - we are empowered, we are respectful and we are proud.

#### Our mission

We will lead, advocate, partner and provide efficient services and opportunities for growth and the wellbeing of our community and environment.

#### Our values

Council values our residents and community and will be responsive to their needs. In pursuing our objectives, we believe in, and are committed to, the following values:

- **Community Engagement** We will ensure that our communities are consulted, listened to and informed.
- **Leadership** We will be at the centre of our community and by actively engaging our community we will form the collective view on strategic issues and will then express our views through strong advocacy.
- **Fairness** We will value and embrace the diversity of our community and ensure that all people are treated equally.
- **Accountability** We will be transparent and efficient in our activities and we will always value feedback.
- **Trust** We will act with integrity and earn the community's trust by being a reliable partner in delivering services and providing facilities.

## 1.3 Strategic objectives

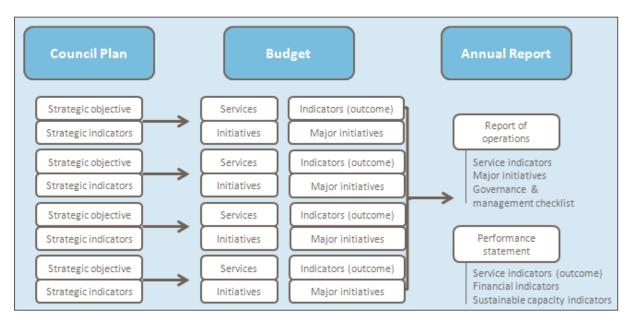

Council delivers services and initiatives under 23 major service categories. Each contributes to the achievement of strategic initiatives within the one of the four Strategic Pillars as set out in the Council Plan 2021-25. The following table lists the four Strategic Pillars as described in the Council Plan.

Strategic Objective	Description
1. Liveability	We will be a healthy, connected and growing community supported by a range of infrastructure and services.
2. Prosperity	We will continue to build and strengthen a prosperous local economy, through sustainable growth and education. We will focus on creating jobs and wealth through adding value to existing strengths in all areas of our economy.
3. Harmony	We will be a welcoming community for all, recognised by our maturity and respect for each other.
4. Leadership	We will ensure accountable leadership, advocacy and transparent decision making.

# 2. Services and initiatives and service performance outcome indicators

This section provides a description of the services and initiatives to be funded in the budget for the 2024/25 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations.

Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the budget and report against them in its Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

## 3. Financial statements

This section presents information in regard to the Financial Statements and Statement of Human Resources. The budget information for the year 2024/25 has been supplemented with projections to 2027/28.

This section includes the following financial statements prepared in accordance with the *Local Government Act 2020* and the *Local Government (Planning and Reporting) Regulations 2020.* 

- 3.1 Comprehensive Income Statement
- 3.2 Balance Sheet
- 3.3 Statement of Changes in Equity
- 3.4 Statement of Cash Flows
- 3.5 Statement of Capital Works
- 3.6 Statement of Human Resources

Council also prepares a Rates Determination Statement as part of the budget process which is in section 3.7. The Rates Determination Statement is not one of the financial statements mandated by the Local Government Regulations. Council prepares this statement so we can determine the surplus based on the level of rates and charges raised and budgeted operational and capital transactions.

The Rates Determination Statement does not include profit/loss on sale of assets or depreciation, which are both non-cash. It shows both the income and expenses for capital projects and net monies transferred to/from reserves, such as loan principal to repay interest only loans when they mature.

## 4. Notes to the financial statements

## 4.1 Comprehensive Income Statement

## 4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's annual budget.

In developing the Budget, rates and charges were identified as a significant source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2024/25 the FGRS cap has been set at 2.75%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rates will increase by the rate cap of 2.75%. Council does not have a municipal charge applicable to each property.

This will raise total rates and charges for 2024/25 of \$33.31 million.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	Forecast Actual 2023/24	Budget 2024/25	Chan	ge

# 4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- · Changes of use of land such that residential land becomes business land and vice versa
- Changes in rating from CIV to rate agreements (solar farms).

#### 4.1.1(n) Differential rates

The rate and amount of rates payable in relation to land in each category of differential are:

- A general rate of 0.424200 per cent (0.00424200 cents in the dollar of CIV) for all rateable properties not covered by a specific differential rate.
- An urban rate of 0.441168 per cent (0.00441168 cents in the dollar of CIV) for all rateable residential and industrial properties serviced with Council provided drainage infrastructure.
- A vacant residential land rate of 1.357440 per cent (0.01357440 cents in the dollar of CIV) for vacant residential land within the townships of Swan Hill and Robinvale that does not have a permanent dwelling established on it five years after it was last zoned residential or three years after it was last sold as a subdivided residential allotment.
- A commercial rate of 0.551460 per cent (0.00551460 cents in the dollar of CIV) for land used for commercial purposes within the Swan Hill and Robinvale townships serviced by Council provided drainage infrastructure.
- A dry land farming rate of 0.339360 per cent (0.00339360 cents in the dollar of CIV) for farmland without access to irrigation infrastructure that is primarily used for broadacre cropping and sheep production with an allocated Australia Valuation Property Classification Codes (AVPCC) of 510, 520, 523, 524 or 530.

Each differential rate will be determined by multiplying the CIV of rateable land (categorised by the characteristics described below) by the relevant percentages indicated above.

Council believes each differential rate will contribute to the equitable and efficient carrying out of Council functions. Details of the objectives of each differential rate, the types of classes of land which are subject to each differential rate and the uses of each differential rate are set out below.

#### **Urban rate**

- **a. Objective** The differential is to help reflect the easier access to any additional services, such as drainage and kerb and channel for properties in Swan Hill and Robinvale.
- **b. Types and classes of land** Residential and industrial land serviced with Council provided drainage infrastructure.
- c. Geographic location Swan Hill and Robinvale townships.
- d. Use of land Residential or industrial.
- e. Planning scheme zone Residential or industrial zoned land.
- f. Types of buildings Any including vacant land unless specifically covered by the vacant land rate.
- g. Rate The rate is set at 4 per cent higher than the general rate.

#### Vacant residential land

- a. Objective To discourage land banking and speculation, encourage the construction of residences and help offset the additional infrastructure costs incurred to service residential land
- b. Types and classes of land Vacant residential land within the townships of Swan Hill and Robinvale that does not have a permanent dwelling established on it five years after it was last zoned residential or three years after it was last sold as a subdivided residential allotment.
- c. Geographic location Swan Hill and Robinvale townships.
- d. Use of land Residential.
- e. Planning scheme zone All residential zones.
- f. Types of buildings Vacant land and land without a permanent dwelling.
- **g.** Rate The rate is set at 320 per cent of the general rate (307.7 per cent of the urban rate), where applicable.

#### **Commercial rate**

- a. Objective The differential is set to help reflect the higher level of services and infrastructure to commercial properties in the serviced areas of Swan Hill and Robinvale townships and to help reflect the lower level in movement in commercial property values compared to other properties over the last 20 years.
- **b. Types and classes of land** Land used for commercial purposes within the Swan Hill and Robinvale townships serviced by Council provided drainage infrastructure.
- **c. Geographic location** Swan Hill and Robinvale townships.
- d. Use of Land Commercial.
- **e. Planning scheme zoning** Business, industrial or residential 1 zones.
- f. Types of buildings Any building used for a commercial purpose and vacant business land.
- **g.** Rate The rate is set 30 per cent higher than the general rate, and 25 per cent higher than the urban rate, where applicable.

#### Dry land farming rate

- a. Objective The differential rate is to help reflect the increased difficulty in accessing the full range of Council services that dry land farming properties face, the disproportionate increase in property values over the last several years and the increased risk of seasonal income variations than faced by other properties.
- **b.** Types and classes of land Farmland without access to irrigation infrastructure that is primarily used for broadacre cropping and sheep production within AVPCC of 510, 520, 523, 524 or 530.
- **c. Geographic location** Anywhere in the municipality.
- **d.** Use of land Broadacre cropping and sheep production with AVPCC of 510, 520, 523, 524 or 530.
- e. Planning scheme zoning Farmland.
- **f. Types of buildings** Any or none.
- g. Rate The rate is set 20 per cent below the general rate.

## 4.1.2 Statutory fees and fines

Waste management services	399	399	-	-
Total user fees	4,751	4,392	(359)	(7.5%)

User charges relate mainly to the recovery of service delivery costs through charging fees to Council service users. This includes use of leisure, entertainment and other community facilities and the provision of human services such as after school, vacation care and home care services. In setting the budget, the key principle for determining the level of user charges has been to ensure that increases do not exceed CPI increases or market levels. User charges are projected to decrease by 7.5 per cent or \$0.36 million from 2024/25. The decrease in the aged and health services is due council transitioning out of aged and disability care. As of the 31st of May 2024 council will no longer be an aged and disability provider for the community. A detailed listing of fees and charges is included in Appendix A.

**Operating grants** - include all monies received from State and Federal sources for the purposes of delivering Council services to ratepayers.

Overall, the level of operating grants is projected to increase by 81.5 per cent or \$4.9 million compared to 2023/24. The 2023/24 grants commission allocation had 100% of the allocation prepaid in the 2022/23 year. The 2024/25 allocation is budgeted to be received in full in the year it's due.

**Capital grants -** include all monies received from State, Federal and community sources for the purposes of funding the capital works program.

Overall the level of capital grants has decreased by 29.2 per cent or \$7.3 million compared to 2023/24. Refer to Section 4.5 for a detailed analysis of the capital grants and contributions expected to be received during the 2024/25 year.

### 4.1.5 Contributions - monetary

Total contributions	160	200	40	25.0%	

Monetary contributions relate to money paid by developers for public resort and recreation, drainage and car parking in accordance with planning permits issued for property development. Community and user groups also pay contributions towards capital projects for assets at their sporting facility or community organisation.

Contributions are projected to increase by \$0.04 million or 25.0 per cent compared to 2023/24.

### 4.1.6 Other income

Total other income	7,182	9,095	1,913	26.6%	

Other income relates to a range of items that do not fit the earlier classifications. The majority of this income is represented by land sales at Tower Hill, interest and reimbursements.

### 4.1.7 Employee costs

	Forecast Actual 2023/24	Budget 2024/25	Char	nge
	\$'000	\$'000	\$'000	%
Wages and salaries	18,155	17,454	(701)	(3.9%)

Other	165	174	9	5.5%
Total employee costs	23,482	21,723	(1,759)	(7.5%)

Employee costs include all direct labour related expenditure such as wages, salaries and indirect costs (overheads) such as staff training, leave entitlements, employer superannuation and WorkCover. It also includes temporary staff employed through agencies. It does not include direct labour associated with capital projects (\$0.30 million). See Section 3.6.

Employee costs are forecast to decrease by 7.5 per cent or \$1.76 million compared to 2023/24 forecast actuals or 2 per cent decrease compared to the 2023/24 budget. Key factors of this movement are:

- Filling a number of vacant permanent positions. These positions were vacant for part of 2023/24 resulting in savings during the year.
- Council's transition out of age and disability care.
- Increase in the superannuation guarantee.
- Council's Enterprise Bargaining Agreement increase.
- Merit based salary movements paid in addition to the general EBA increase.
- A reduction in temporary staff employed through employment agencies, resulting in a saving of \$0.39 million.

Total materials and services	24,946	21,625	(3,321)	(13.2%)

Materials and services include the purchase of consumables, payments to contractors for the provision of services, utility costs and non-recurrent major operational projects. Non-recurrent major projects are those operational projects identified via Council's Major Projects Plan. Budgeted major project expenditure in 2024/25 is \$3.2 million. A full list of non-capitalised major projects is provided in Appendix B. Materials and services are forecast to decrease by 13.2 per cent or \$3.3 million compared to 2023/24.

### 4.1.9 Depreciation

	Forecast Actual 2023/24	Budget 2024/25	Change		
	\$'000	\$'000	\$'000	%	
Property	2,327	2,482	155	6.7%

Cultural and heritage	1,484	2,288	804	54.2%	
Total depreciation	13,607	15,161	1,554	11.4%	

Depreciation is an accounting measure that attempts to allocate the value (consumption) of an asset over its useful life for Council's property, plant and equipment and infrastructure assets such as roads and drains. The increase of \$1.55 million for 2024/25 is due mainly to the completion of the 2023/24 capital works program and the full year effect of depreciation on these capital projects, along with the effects of revaluations performed in 2023/24. Refer to Section 4.5 for a more detailed analysis of Council's capital works program for the 2024/25 year.

Other	134	123	(11)	(8.2%)
Total other expenses	981	1,018	37	3.8%

Other expenses include audit fees, Councillor allowances, legal costs, bank charges, fire service levy on Council properties, operating lease rentals and vehicle registrations.

#### 4.2 Balance Sheet

### 4.2.1 Assets

#### Current Assets (\$13.18 million decrease) and Non-Current Assets (\$18.76 million increase)

Cash and cash equivalents include cash and investments such as cash held in the bank and in petty cash, and the value of investments in term deposits or other highly liquid investments with short term maturities. Current asset balances are projected to decrease by \$13.18 million during the year as new and carried forward capital works projects are completed.

Trade and other receivables are monies owed to Council. Short term debtors are not expected to change significantly in the budget. Long term debtors (non-current) also remain unchanged as the outstanding debt to Council is yet to fall due. Other assets include items such as prepayments for expenses that Council has paid in advance of service delivery and accrued income.

Property, infrastructure, plant and equipment is the largest component of Council's worth and represents the value of all the land, buildings, roads, vehicles and equipment that Council has built up over many years. The \$18.76 million increase in this balance is attributable to the net result of the capital works program (\$35.18 million of capital works) and the revaluation of infrastructure assets (\$0.08 million), less the depreciation of assets (\$15.16 million) and the sale of property, plant and equipment (\$1.71 million).

#### 4.2.2 Liabilities

#### Current Liabilities (\$0.67 million decrease) and Non-Current Liabilities (\$0.86 million decrease)

Trade and other payables are those to whom Council owes money as at 30 June. These liabilities are budgeted to remain consistent with 2023/24 levels.

Provisions include accrued long service leave, annual leave and rostered days off owing to employees. These employee entitlements are expected to decrease marginally due to more active management of leave entitlements despite factoring in an increase for Collective Agreement outcomes, and the withdrawal of Aged Care Staff.

Interest-bearing liabilities are borrowings of Council. Council is budgeting to repay loan principal of \$0.28 million over the year. No new borrowings are required to help fund our future capital works programs.

# 4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	2023/24 \$'000	2024/25 \$'000	2025/26 \$'000	2026/27 \$'000	2027/28 \$'000
Amount borrowed as at 30 June of the prior year	2,347	2,069	1,785	997	701
Amount proposed to be borrowed	-	-	-	-	-
Amount projected to be redeemed	278	284	788	296	304
Amount of borrowings as at 30 June	2,069	1,785	997	701	397

Council also sets aside cash to fund the principal repayment of interest only loans when they mature. The repayment of this loan will occur in 2025/26 (\$0.5 million). As at 30 June 2024 Council will have \$0.3 million in cash reserves to fund these repayments. Therefore net borrowings will be \$1.77 million at 30 June 2024.

### 4.2.4 Leases by category

As a result of the introduction of AASB 16 Leases, right-of-use assets and lease liabilities have been recognised as outlined in the table below.

	Forecast Actual 2023/24 \$'000	Budget 2024/25 \$'000
Right-of-use assets		
Property	109	399
Total right-of-use assets	109	399
Lease liabilities Current lease liabilities		
Land and buildings	61	124
Total current lease liabilities	61	124
Non-current lease liabilities Land and buildings	59	280
Total non-current lease liabilities	59	280
Total lease liabilities	120	404

Where the interest rate applicable to a lease is not expressed in the lease agreement, Council applies the average incremental borrowing rate in the calculation of lease liabilities. The current incremental borrowing rate is 4.43%.

### 4.3 Statement of changes in Equity

# **4.3.1** Equity

#### Equity (\$6.4 million increase)

Total equity always equals net assets and is made up of the following components:

- Accumulated surplus, which is the value of all net assets less reserves that have accumulated over time. The increase is due to the budgeted operational surplus and asset revaluations.
- Reserves, including the asset revaluation reserve, represents the difference between the
  previously recorded value of assets and their current valuations, as well as other reserves that
  Council wishes to set aside to meet a specific purpose in the future and to which there is no
  existing liability.

#### 4.4 Statement of Cash Flows

### 4.4.1 Net cash flows provided by operating activities

#### Operating activities (\$2.9 million increase)

The net cash flows from operating activities refer to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for service provision to the community might be available for investment in capital works or repayment of debt. Operating activities will generate \$20.34 million during 2024/25. This is a 16.5 per cent increase on the forecast \$17.46 million generated in 2023/24.

### 4.4.2 Net cash flows used in investing activities

#### Investing activities (\$1.1 million decrease)

The significant value of payments for investing activities represents the capital works expenditure detailed in Section 4.5 of this budget report. Proceeds from sale of assets are forecast to increase by \$1.25 million.

# 4.4.3 Net cash flows used in financing activities

#### Financing activities (\$0.02 million decrease)

For 2024/25 the total of principal repayments is projected to be \$0.28 million and finance charges to be \$0.06 million. Repayment of lease liabilities is forecasts to be \$0.14 million with interest on the lease liabilities to be \$0.22 million. No new borrowings are forecast.

# 4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken in 2024/25, classified by expenditure type and funding source. Works are also disclosed as current budget (4.5.2) or carried forward projects from prior year (4.5.3).

### 5a. Targeted performance indicators

The following tables highlight Council's current and projected performance across a selection of targeted service and financial performance indicators. These indicators provide a useful analysis of Council's intentions and performance and should be interpreted in the context of the organisation's objectives. The targeted performance indicators below are the prescribed performance indicators contained in Schedule 4 of the Local Government (Planning and Reporting) Regulations 2020. Results against these indicators and targets will be reported in Council's Performance Statement included in the Annual Report.

#### **Key to Forecast Trend:**

- + increase in Council's overall targets
- o maintaining Council's overall targets
- decrease in Council's overall targets

#### Notes to indicators

5a

- 1. Roads Sealed local roads below the intervention level decreases in 2023 and 2024, due to the flood impacts from the October 2022 flood event. The renewal percentage will return to expected levels once flood repairs are complete.
- 2. **Statutory planning -** The percentage of planning applications decided within the required time, decreases in 2023 due to the inability to recruit qualified staff. Improvements in future years assumes staffing levels return to normal.
- 3. Waste management The introduction of Food Organics Garden Organics (FOGO) service in 2025, results in an increasing percentage of kerbside collection waste diverted from landfill.
- **4. Liquidity –** Council has held unspent cash primarily from government stimulus programs which has improved our liquidity position. The ratio is forecast to decrease in 2024/25 as these funds are spent and projects delivered.

# 5b. Financial performance indicators

The following table highlights Council's current and projected performance across a range of key financial performance indicators. These indicators provide a useful analysis of Council's financial position and performance and should be interpreted in the context of the organisation's objectives.

#### **Key to Forecast Trend:**

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

#### **Notes to indicators**

#### 5b

#### 1. Adjusted underlying result

An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. Improvement in financial performance expected over the period, although continued losses means reliance on Council's cash reserves or increased debt to maintain services.

#### 2. Unrestricted cash

Unrestricted cash is cash and cash equivalents that are available for use and free of obligations. Higher unrestricted cash relative to current liabilities suggest that a council can pay its bills on time.

#### 3. Loans and borrowings

Trend indicates Council's reducing reliance on debt against its annual rate revenue through redemption of long term debt.

#### 4. Rates concentration

Reflects extent of reliance on rate revenues to fund all of Council's on-going services. Trend indicates Council will become more reliant on rate revenue compared to all other revenue sources.

## **Glossary of Terms**

Act Local Government Act 2020.

Accounting standards Australian accounting standards are set by the Australian Accounting

Standards Board (AASB) and have the force of law for Corporations law entities under section 296 of the Corporations Act 2001. They must also be applied to all other general purpose financial reports of reporting

entities in the public and private sectors.

Adjusted underlying revenue

The adjusted underlying revenue means total income other than non-recurrent grants used to fund capital expenditure, non-monetary asset contributions and contributions to fund capital expenditure from sources other than grants and non-monetary contributions.

Adjusted underlying surplus (or deficit)

The adjusted underlying surplus (or deficit) means adjusted underlying revenue less total expenditure. It is a measure of financial sustainability of the Council which can be masked in the net surplus (or deficit) by capital-related items.

Annual reporting requirements

Annual reporting requirements include the financial reporting requirements of the Act, accounting standards and other mandatory professional reporting requirements.

Asset expansion expenditure

Expenditure that extends the capacity of an existing asset to provide benefits to new users at the same standard as is provided to existing beneficiaries.

Asset renewal expenditure

Expenditure on an existing asset or on replacing an existing asset that returns the service capability of the asset to its original capability.

Asset upgrade expenditure

Expenditure that:

(a) enhances an existing asset to provide a higher level of service;

or

(b) increases the life of the asset beyond its original life.

**AVPC Code** 

Australian Valuation Property Code

**Balance sheet** 

The budgeted statement of financial position shows the expected net current asset, net non-current asset and net asset positions in the forthcoming year compared to the forecast actual in the current year.

The budgeted balance sheet is prepared in accordance with the requirements of AASB 1040 – Balance Sheet.

Comprehensive income statement

The budgeted comprehensive income statement shows the expected operating result in the forthcoming year compared to the forecast actual result in the current year. The budgeted income statement should be prepared in accordance with the requirements of AASB101 Presentation of Financial Statements and the Local Government Model Financial Report.

Financial statements

Financial statements and notes prepared in accordance with the Local Government Model Financial Report, Australian Accounting Standards and other applicable standards as they apply to the general purpose financial reports and statement of capital works, included in the annual report.

Statement of capital works

The budgeted statement of capital works shows the expected internal and external funding for capital works expenditure and the total proposed

capital works expenditure for the forthcoming year with a comparison with forecast actual for the current year. The budgeted statement of capital works should be prepared in accordance with Regulation 9.

## Statement of cash flows

The budgeted statement of cash flows shows the expected net cash inflows and outflows in the forthcoming year in the form of reconciliation between opening and closing balances of total cash and investments for the year. Comparison is made to the current year's expected inflows and outflows. The budgeted cash flow statement should be prepared in accordance with the requirements of AASB 107 – Statement of cash flows and the Local Government Model Financial Report.

#### Statement of changes in equity

The budgeted statement of changes in equity shows the expected movement in accumulated surplus and reserves for the year. The budgeted statement of changes in equity should be prepared in accordance with the requirements of AASB 101 – Presentation of financial statements and the Local Government Model Financial Report.

## **Budget preparation** requirement

Under the Act, a Council is required to prepare and adopt the annual budget by 30 June each year, or any other date fixed by the Minister by notice published in the Government Gazette.

#### Capital expenditure

Capital expenditure is relatively large (material) expenditure which produces economic benefits expected to last for more than 12 months. A pre-determined 'threshold' may be used which indicates the level of expenditure deemed to be material in accordance with Council's policy. Capital expenditure includes new, renewal, expansion and upgrade. Where capital projects involve a combination of renewal, expansion and upgrade expenditures, the total project cost needs to be allocated accordingly.

#### Capital works program

A detailed list of capital works expenditure that will be undertaken during the financial year. Regulation 10 requires that the budget contains a detailed list of capital works expenditure and sets out how that information is to be disclosed by reference to asset categories, asset expenditure type and funding sources.

## Carry forward capital works

Carry forward capital works are those that that are incomplete in the current budget year and will be completed in the following budget year.

#### Council Plan

This document sets out the medium-term goals and objectives as part of the overall strategic planning framework.

Prepared under Section 90 of the Act, the Council Plan is part of the overall strategic planning framework. The strategic planning framework includes:

- · The rates and charges strategy
- Asset management plan, and;
- Other strategic documents

While each of these detailed strategic planning documents are specific to their own purposes and can have different timeframes, the Council Plan brings together information from each of these documents to report to the community in a concise form.

As a minimum a Council Plan must include:

- The strategic objective of the Council
- Strategic objectives for achieving the strategic direction
- Strategies for achieving those objectives for at least the next four years
- Strategic indicators for monitoring the achievement of those objectives

- A description of the Council's initiatives and priorities for services, infrastructure and amenity
- any other matters prescribed by the regulations.

#### **Discretionary reserves**

Discretionary reserves are funds earmarked by Council for various purposes. Councils can by resolution change the purpose of these reserves.

# External funding sources (analysis of capital budget)

External funding sources relate to grants or contributions, which will be received from parties external to the Council. It also includes the proceeds of assets sold to fund the capital works program.

#### Financial sustainability
