## Swan Hill Regional Livestock Exchange

## Prime Cattle Sale 3<sup>rd</sup> of November 2022

Total Yarding of 552 head

Mostly consisted of Trade/ Veal. The few cows that were yarded followed the week's trend being 10/15c per kilo easier.

Trade and Vealer cattle showing good finish sold firm to previous sale while feeder cattle eased very slightly. Very few light cattle were yarded but sold to strong local competition.

Our next Prime Cattle Market will be on Thursday 17<sup>th</sup> of November, 2022 commencing at 07.30am.

Our next Sheep & Lamb Sale will be 10<sup>th</sup> of November, 2022 commencing at 12.30pm <u>Did you know...</u>

Veal comes from young cattle mostly from 6 – 8 Months of Age.

The classic cut, the eye fillet, comes from the strip of muscle tucked against the backbone of the animal, the "tenderloin", that is why you should never hit a cow along it's back!
